Dear Chef Susan,

“WOW!”

The dinner party you provided last Saturday was simply stunning in every aspect. My husband was a little hesitant as you’ll recall from our initial conversation, but now he’s your biggest fan! All of my guests raved about not only the meal, but the entire presentation. I never could have done this without you.

The Crusted Salmon was fantastic – what a treat. And the spiced egg noodles were perfect. I can’t wait until we have another gathering – you’ll be my first call.

Anticipate a call from Mrs. Barkley (the tall blonde) as she is in need of your service for her son’s graduation next May.

Thank you again Susan. You are magnificent.

Sincerely,

Joan McQuire
