Richard and Phyllis Rodgers
24335 Pinewood Drive
Corrales, NM 87048

Dear Mr. and Mrs. Rodgers,

Tasty Dinners Personal Chef Service will work with you to customize your meals. These meals will be prepared in your home by me, Personal Chef Rebecca Wigum. I will arrive with my own cooking equipment and utensils. If anything items of yours are used, I will clean and returned to its proper location. For your convenience, I will package and store your meals.

Tasty Dinners will create customized menus for you based upon information you provide, shop for the groceries, and prepare nine to ten entrees (depending upon a fresh fish selection), as well as some side dishes for two persons. Should you desire additional entrees for guests on your service day, notification is required two days in advance. The fee for these additional entrees will be determined based upon the number of entrees requested.

With each service, I will include a detailed preparation instruction list. Some meals may go into the microwave and others go in the oven. It is important to preheat the oven; this reheats the food without cooking it. The food needs to come out of the freezer and defrost in the refrigerator for one day. It is important for health reasons not to defrost the food by leaving it out on the counter. Bacteria may grow and cause food borne illness. Try to plan your meals for a few days. Meals that are defrosted and remain in the refrigerator can last up to 3 days.

My phone number is 505-888-0000. I am available for you if you have questions, comments or problems. Remember, this is a Personal Chef Service – for you and your family. I am thrilled to be providing you with this service.

Bon Appetit!

Rebecca Wigum
Chef/Owner
Tasty Dinners, PCS
